

Senior Network Operator

Job No:	1341
Location:	Chinchilla
Level:	WDRC Non-Operational Staff Certified Agreement Level 3
Status:	Permanent/Full Time

Western Downs Regional Council has been awarded the Large Employer of the Year award at the Darling Downs South West Region Queensland Training Awards for 2019, 2021, 2022, 2023 and 2024.

Be part of a team that make a real difference within the communities we serve. Our mission drives us, and we want you to be part of the journey.

Experience Western Downs It's the people that make it

The Opportunity

Operating from within the Utilities Department, this role will assist the Utilities Network Coordinator to provide a range of services that support the provision of safe water, wastewater and gas services across the Western Downs. This includes meeting statutory requirements for performance, safety and environmental management and ensuring customer service standards are achieved to a high standard. This role requires skills and knowledge necessary to monitor, operate and maintain water, wastewater and gas network operations.

This role encompasses a range of duties and responsibilities as listed below as well as other duties as may be required. The key ones include:

- Upholding a Safety-First Culture in all workplace activities.
- Ensuring compliance with all relevant policies, regulations, and standards in the water and sewerage sectors.
- Ability to carry out work in accordance with workplace health and safety obligations by proactively identifying, reporting and effectively addressing hazards and issues.
- Ability to carry out work in accordance with general environmental duty by identifying, reporting and minimizing activity that has the potential to cause environmental harm.

About Yourself

Suitability for this position will be based on experience, application, achievement, and potential in the following critical competencies as they link to the key responsibilities for this position.

Proven/Demonstrated experience in:

- Monitor and operate network systems, pump stations and water distribution systems.
- Proven technical knowledge of and experience in the construction, operation and maintenance of water, sewer and gas networks and applicable industry, regulatory and legislative standards.
- Proven initiative, a good work ethic and demonstrated problem-solving skills to address issues.
- Servicing, lubricating, cleaning, and refuelling small plant and performing minor adjustments and repairs.
- Familiarity with modern technology and proficient in using smart devices to enter data for reporting.
