Environmental Advisor

Base Salary from \$111,761 to \$118,272 per annum plus super

We are seeking an Environmental Advisor to provide specialist environmental advice and support initiatives that protect and enhance the City's natural assets. Working within the Sustainability and Environment team, you will deliver environmental programs, contribute to strategic decision-making, and help manage environmental risks in line with legislation and best practice.

This role offers the opportunity to contribute to biodiversity conservation, land management, environmental compliance, and projects that deliver positive outcomes for the community.

What You'll Be Doing:

- Develop and implement environmental management plans, strategies and policies
- Provide specialist advice on biodiversity, land management, environmental risk and compliance
- Manage environmental projects, investigations and consultant-delivered studies
- Prepare technical reports, grant applications and environmental documentation
- Build strong relationships with stakeholders and represent the City in environmental forums.

What We're Looking For:

- Tertiary qualification in Environmental Science, Environmental Management, Natural Resource Management, or a related discipline.
- Experience delivering environmental management programs and providing specialist environmental advice.
- Strong knowledge of biodiversity conservation, land management practices and environmental legislation.
- Excellent communication and stakeholder engagement skills, with the ability to influence and build collaborative relationships.
- Strong analytical, project management and problem-solving skills, with the ability to provide evidence-based recommendations.
- Current C Class Driver's Licence and a National Police Clearance
