INFORMATION ABOUT COOK SHIRE

Cook Shire is the largest land area Shire in Queensland covering 106,000km² and encompassing some 80% of the Cape York Peninsula region of Far North Queensland. The Shire also shares boundaries with a number of Aboriginal Shire Councils as well as Mareeba, Douglas and Carpentaria Shires. Our population is around 5,000 shire-wide.

Our natural environments across the Shire are as diverse as they are spectacular, including rainforest, savannah country, agricultural and pastoral land, tropical islands and a number of towns. Cooktown is our largest town and is home to the Council administration office and works depot. Other townships and localities include Marton, Lakeland, Laura, Coen, Ayton, Rossville, Helenvale and Portland Roads.

Cook Shire is a developing local government area with a steady increase in population, particularly in Cooktown. The Endeavour Valley and Lakeland are the centres of horticulture whilst other areas support the cattle industry. Cooktown has a thriving recreational and commercial fishing industry, which includes live coral trout and crayfish, prawns and other fisheries.

One of Australia's most historically significant townships, Cooktown is the location where Captain James Cook spent almost seven weeks repairing his vessel, the HM Bark Endeavour. Some of the most extraordinary discoveries and interactions with local Aboriginal people occurred here in 1770.

Weather

Cook Shire enjoys a mild tropical climate all year round with the annual wet season generally running from January to March. This is when the environment comes to life and a great time to get out and about. April to December brings a drier period with cooler weather and temperatures averaging around 27 degrees Celsius. In summer Cooktown is usually about 5 degrees cooler than Cairns.
