

Health Broker - Evaluation & Research

- Part time (0.5 FTE), Temporary until July 2027
- Band 7, Starting salary \$109,533 (pro rata) plus superannuation

The Role

We are seeking a committed, team oriented and experienced Evaluation and Research Officer to lead the implementation of the monitoring, evaluation and learning plan for the Healthy Loddon Campaspe (HLC) initiative. HLC is a state government funded initiative aimed at improving health outcomes across the Loddon Campaspe region through place-based action, systems thinking and collaboration.

As our Health Broker - Evaluation and Research, you will lead the implementation of the HLC Monitoring, Evaluation and Learning Plan and support a strong evidence-informed approach across the initiative. You will oversee data collection, analysis, reporting and impact measurement processes, while developing practical tools and resources that support consistent evaluation and storytelling across the HLC team.

The role will also contribute to research activities and partnerships, including management and analysis of the Active Living Census dataset, dissemination of findings, and translation of evidence into practical insights to inform planning and decision-making. You will work closely with colleagues, partners and stakeholders across the region to build evaluation capability, support continuous improvement, and demonstrate the outcomes and impacts of HLC.

The role is placed within the City of Greater Bendigo and will work closely with a range of internal and external stakeholders from across the region, to build evaluation capacity and to showcase the work of HLC and its impacts.

About You

To be successful in this role you will have high level evaluation, research and report writing skills with tertiary qualifications in public health, community development or social sciences.

A satisfactory police record check and Working with Children's Check is required for this role. This is a part-time temporary position with flexibility regarding days of work.
